Death Is Certain

Old age is probable and business success is very uncertain.

WE plan to live, plan to accumulate for old age, but nineteen men out of every twenty who have lived to the age of sixty or beyond have lost their accumulations, therefore there are two things in life to protect, the estate against premature death and old age against poverty. Are you doing those things, if not consult

Child Almost Dead Grandmother Saves Life

Roxbury, Mass. A grandmother in Roxbury writes: "I put great faith in your medicine, and one of my children was dying. The doctor said she could not live until morning, and I ran out to the drug store got a bottle of Dr. True's Elixir, was so excited I gave her the half of the bottle at once, and at night I gave her the other half. I thought it's either kill or cure for the doctor says she is dying anyway, but she did not die. She went to sleep, the first time for a week, and the next morning she passed two worms, red in color, six inches long. The doctor came to see if she was dead, but he ran out pretty quick, as she was sitting in her chair eating a bowl of oatmeal and milk. That was twenty-four years ago, and now she has a baby girl of her own, seven months old, who is also using Dr. True's Elixir. (Name on request.)

Constipation, headaches, tired feeling, weakness, spots before the eyes, bad breath, sleeplessness, irritability, dizziness, and many other signs of sickness, can be relieved, if you take the prescription known as Dr. True's Elixir, The Family Laxative and Worm Expeller. It has done much for sick people, men, women and children, ever since 1851—over 68 years reputation.

Take Dr. True's Elixir—give it to your children—The Family Laxative and Worm Expeller. AT ALL DEALERS. Dr. J. F. True & Co., Auburn, Me.
